Just got off the phone with Sgt. Otero. We talked for over 2 hours. Caught up on all the news.

He has been in relative good health. Some problems walking but otherwise good. His 78th birthday coming up April 7, 2014.

He has had some contact with members of A Co. 1/502 and the Vietnam vets organization they belong to and someone in the group had suggested making the 2015 reunion for their group in PR.

I suggested to him that if that does not work out that we still plan on making an E Company reunion in PR in 2015.
